PATRIOTIC LEAGUE FORMED BY RURAL SCHOOL TEACHERS

ORGANIZATION FORMED AT INSTITUTE HELD

C. O. Bush of Outing President,
Mrs. Adeline Smiley Vice Presi-
dent of the League

Miss Rachel Roderick Secretary, Miss Serrie
Anderson Treasurer, Constitution
is Adopted

BY RACHEL RODERICK,
Secretary Crow Wing County
Teachers' Patriotic League.

On Friday morning the teachers met at the high school auditorium to listen to another of the many interesting topics which have been held in store for us the past few days. And we, as a body of teachers, wish to thank each and every instructor and speaker for the many efforts put forth to inspire and encourage us in our school work and arouse us to that sense of duty which must not be overlooked at this time, 'Patriotism.'

The meeting was called to order by Miss Knutsen and after having the flag salute and the singing of America, by all, Mr. Howard spoke on 'Club Work' for boys and girls. The talk was very interesting and touching on many points of interest for teachers and pupils of Crow Wing county.

After a short recess the work of organizing the Crow Wing County Teachers' Patriotic League took place. The constitution, which had been prepared by a committee of three appointed for that purpose, was read and adopted. The constitution read as follows:

ARTICLE I—NAME.

The name of this association shall be the Crow Wing County Teachers' Patriotic League.

ARTICLE II—Object.

The object of this league shall be to do definite organized work along the lines of improving the health conditions of our schools and promoting the spirit of patriotism in our schools and community and rendering active aid to our soldiers and government in this time of war.

ARTICLE III—MEMBERSHIP.

Any active teacher, persons preparing to teach or ex-teachers living in this county, may become a member of this organization by signing the pledge, and paying an annual fee of twenty-five cents.

ARTICLE IV—OFFICERS.

The officers of this league shall be President, Vice President, Secretary and Treasurer. These shall be elected by ballot at the annual meeting and serve for one year and shall hold office until their successors are qualified.

ARTICLE V—

DUTIES OF OFFICERS.
The duties of these officers shall be same as those of similar officers.

ARTICLE VI—MEETINGS.

Annual meetings shall be held at the time of the Teachers' Institute in the fall. Special meetings may be called by the executive committee by notice to each member through the mail. Special meetings shall be held at the Teachers' Association meeting in the spring.

ARTICLE VII—COMMITTEE.

An executive committee shall be formed consisting of the officers and three chairmen of three standing committees. Four of this committee shall constitute a quorum. This committee shall have charge of programs and general charge of carrying out work of the plans of the league. The three standing committees of three members each, shall be appointed by the president and serve for one year. These committees are:

Second—The committee on patriotic work.

Third—The committee on patriotic aid to government.

ARTICLE VIII—

DUTIES OF COMMITTEES.

1. The duties of the 'Committee on Health' shall be to outline work to improve certain conditions of school as to heating, lighting, drinking facilities of our school, and milk conditions and medical inspection.

2. The 'Committee of Patriotic Work' shall devise plans on promoting conditions as to flags in every school giving a patriotic program in schools every month, and distribution of patriotic literature.

3. The duty of the 'Committee on Patriotic Aid' is to plan certain things in which the children can aid the government during the war, such as Red Cross work, knitting, saving, writing letters to soldiers and doing patriotic club work in food production and conservation.

ARTICLE IX—AMENDMENTS.

This constitution can be amended at any regular work, made at regular meetings and by the majority votes by the persons voting.

The following officers were then elected:

President—C. O. Bush, Outing.
Vice President—Mrs. Adeline Smiley, Route 1.

Secretary—Miss Rachel Roderick, Merrifield.
Treasurer—Miss Serrie Anderson, Route 2.

The president then appointed three committees to help carry out the plans of the organization:

Committee on Health—Miss Ruth Anderson, Pequot; Miss Laura Young, Route 1; Miss Jessie Whitten, Trommald.

Committee on Patriotic Work—Mrs. Fern Clark, Little Pine; Miss Mamie Clark, Route 3; Miss Freda Peterson, Route 2.

Committee on Patriotic Aid to Government—Victor Kaas, Jenkins; Miss Walda Oberg, Ft. Ripley; Miss Emma Oltz, Aitkin.

The meeting then adjourned and the teachers went to their regular classes, under their instructors, Mrs. Lawrence and Miss Knutsen, with the thrill of patriotism which is felt by all loyal citizens of America. And I'm sure this patriotic spirit can never die after hearing the talk given by Dr. Young, during the afternoon. Then conquer we must for our cause it is just.

America Informs Allies They Must Get Together

(By United Press)

Washington, Nov. 17—America is destined to take a large part in the direction of the war, although they will not dictate the disposition of troops, etc. America is the storehouse and the paymaster of the war and will insist that there be no pulling and that the whole war be run on broad gauge lines instead of petty interests, and according to high officials America has secretly informed the allies that they must get together.

BARON WIMBORNE

Lord lieutenant discounts gravity of situation in Ireland.

Lord Wimborne of Ireland, replying to a speech in the House of Lords, says the gloomy anticipations of the Viscount are not likely to materialize. The gravest danger to be apprehended, according to Lord Wimborne, is the importation of arms or a hostile landing.

Naval Forces in Action off Heligoland

(By United Press)

London, Nov. 17—The British and German light naval forces met off Heligoland, the British giving chase as the Germans fled.

Haig Strikes Again

London, Nov. 17—Gen. Haig strikes successfully near Passchendaele, and more prisoners are taken together with a fortified farm.

British Monitors in Action Against Germans at Vecchia

(By United Press)

London, Nov. 17—British monitors are in action against the Germans and Austrians in the marshes of Vecchia striving to hold the Teutons back from Venice, and the news is received that everywhere the Italian line is holding strongly. Fierce artillery duels are sweeping along the whole 50 mile front of Piave and the northern front Alps. Rome dispatches indicate that the Italians are holding the Austrians sufficiently to give evidence of the ultimate defeat of the enemy's attempt at turning the Piave river line. If the present front can be held a few days longer the danger will be passed as the French and British men and guns will be in action.

Congressional Delegation Was Under Fire

(By United Press)

With the British Armies in France, Nov. 17—Five members of the American congressional delegation were under fire in their recent visit to the Belgian front.

Arrive Safely

London, Nov. 17—The American congressmen recently under fire in Belgium arrived here this morning being Dill, Johnson, Miller, Timberlake and Hicks. They were uninjured although a shell exploded 30 yards away.

Sculptor Dies

(By United Press)

Paris, Nov. 17—August Rodin, the famous French sculptor, is dead.

MAYOR SMITH

Philadelphia official freed of connection with murder plot.

Mayor Smith of Philadelphia has been cleared of all connection with the political conspiracy which resulted in the killing of a policeman on primary election day, in an opinion by Judge Martin. The mayor still awaits grand jury action on a technical charge.

Manufacture of Pleasure Cars Will Decrease

(By United Press)

Washington, Nov. 17—Officials predicted that the manufacture of pleasure automobiles will decrease 40 per cent inside of 60 days, the manufacturers being advised to abandon all pleasure car building and prominent manufacturers will take government war jobs.

RURAL SCHOOL BOARD OFFICERS AT MEETING

Dr. S. Y. Young of University of
Minnesota Delivers an Inspiring
Address on "Patriotism"

All Sections of County Represented at Gathering in Chamber of Commerce, Mrs. Hartley Presiding

Will Conscript Skilled Labor for War Work

(By United Press)

Washington, Nov. 17—The draft regulations issued this afternoon make the conscription of skilled labor for war work likely, and says that when national interests can be better served by including men into military service than leaving them engaged in industry or agriculture neither deferred classifications nor order numbers will defer their call.

British Artillery Causes Havoc with Austro-Germans

(By United Press)

Italian Army Headquarters, Nov. 17—The British artillery is in action against the Austro-Germans and has caused havoc in the plans of the enemy for advance. The deadly rain of shells has torn gaps in the Austrian line and paralyzed the enemy offensive at many points.

United Labor Votes to Enter Politics Actively Next Year

(By United Press)

Buffalo, N. Y., Nov. 17—By a vote of 215 to 21 the American Federation of Labor decided to actively enter American politics next year. President Furuseth of the Seamen's Union counseled against participation in peace or war policies.

Advance Guard Villa's Troops Encircling Juarez

(By United Press)

El Paso, Nov. 17—The advance guard of Villistas are encircling the city of Juarez across from El Paso. The bandits are not attempting to attack the city but are awaiting reinforcements from Ojinaga.

Fifteen American Heroes on Roll

(By United Press)

American Field Headquarters, Nov. 17—A French general inscribed 15 American heroes on the roll of fame. Privates Gresham, Hay and Enright being included. The other 12 were privates engaged recently in repulsing the German raids.

Increase Coal Price

(By United Press)

Washington, Nov. 17—The joint committee announces that the anthracite coal miners wage increase is from 15 to 30 cents per ton.

Rural school officers were well represented at the meeting held in the Chamber of Commerce rooms.

Dr. S. Y. Young of the University of Minnesota, delivered an eloquent address on "Patriotism."

County school board officers attending the meeting presided over by Mrs. Irma Camp Hartley, county superintendent of schools, included:

Howard Spencer, Dist. No. 28.
Tony Bohike, Dist. No. 107.

Great Sorrow

Ameliorated by a floral tribute de-

signed and supplied by the

DULUTH FLORAL COMPANY

Northwest's Leading Florists

Sculptor's Masterpiece.

The famous statue of St. Bruno at

the entrance to the great master

French sculpture, Houdon (1741-

3-9). At the invitation of Franklin,

the artist visited America in the year

1786 and took casts for the statue of

Washington, now at Richmond, Va.,

said by Lafayette to be the best like-

ness obtained of the "American Pa-

triot." St. Bruno belonged to the or-

der of Trappists, whose chief law was

silence. Pope Clement XVI, on see-

ing the statue of St. Bruno, exclaimed:

"He would speak did not the rule of

his order forbid."

Attend the Edison Diamond Disc Phonograph recital Tuesday afternoon, Nov. 20th, at 3:30 o'clock, Folsom Music Co.

Mr. and Mrs. L. E. Cameron and son returned Friday from Camp Grant, Rockford, Ill., where they were visiting their son, Chester, who is soon to go to France.

If you want to make your friend in camp happy, don't wait for Christmas, send him something now. H. W. Linnemann offers you many suggestions for gifts.

A. V. Fabian, a veteran member of the Northern Pacific general offices, St. Paul, and known in Braierd, was named chief clerk to President J. M. Hannaford of the Northern Pacific railway.

E. C. Bane has moved his real estate office from the First National bank building to the Citizens State bank building, room 215, formerly occupied by D. C. Peacock.

Mr. and Mrs. Elmer Tollefson and Mr. and Mrs. Sam Tollefson of "Twin Oaks" farm motored to Braierd today and visited Mr. and Mrs. Wm. Garvey. The Messrs. Tollefson are brothers of Mrs. Garvey.

An integral factor in athletics, it is shown—in business, stamina—in motoring, quick pickup—in clothing, tailoring. Shape retaining qualities is one of the talking points of H. W. Linnemann's clothes.

Every soldier should have one of those leather photoholders at D. E. Whitney's to carry the photograph of his sweetheart and mother.

Do not discard a suit, dress, pocket, waist, cloak, necktie or any other garments until you are sure you have gotten full service from them. Proper cleansing will keep your new garments new and make your old garments do. This is thrift. Phone 211, Model Laundry.

Delightfully cozy, homelike, fully equipped housekeeping rooms are advertised in the Dispatch want ad column, or, if you want something very different, describe your needs in a Dispatch want ad of your own. The Dispatch want ad directory, read for profit, used for results.

Overcoat days are here now. H. W. Linnemann is the overcoat headquarters of Braierd and many young men, old men buy their clothing there. You can be suited too.

The war tax on amusements is not causing any material reduction in attendance at the picture shows and opera house, said Manager F. S. Workman of the Braierd Theatre of Amusement Co. The extra government tax is paid at the box office and no one objects to paying it.

Every day in November is overcoat day at H. W. Linnemann's. Long overcoats, short overcoats, medium coats, coats for all men, coats for every boy, coats at low prices, coats at medium prices and expensive coats. Exclusive styles, many models, fine patterns, good materials, famous makes. H. W. Linnemann.

Rev. Elof G. Carlson and Rev. S. H. Swanson returned Friday from LaFayette which is the scene of Rev. Swanson's new pastorate. Rev. Swanson formerly had charge of the Swedish Lutheran church in Deerwood. They motored there and back and Rev. Swanson expressed himself as well pleased with his new location which is in a rich, thriving farm community.

Geo. Senn received a telegram yesterday from LaCrosse, Wis., that his father had passed away. Mr. Senn was 84 years of age. He will be remembered by some as he lived with Mr. and Mrs. Geo. Senn on the Scottie Clark place just north of the city

PRESIDENT'S MESSAGE TO GREET MINNESOTA LOYALTY CONVENTION

President Wilson sent this message to Minnesota's loyalty gathering:

Nothing could be more significant than your gathering to express the loyalty of the great Northwest. If it were possible I should gladly be with you.

You have come together as the representatives of that Western empire in which the sons of all sections of America and the stocks of all the nations of Europe have made the prairie and the forest the home of a new race and the temple of a new faith.

The time has come when that home must be protected and that faith affirmed in deeds. Sacrifice and service must come from every class, every profession, every party, every race, every creed, every section. This is not a bankers' war, or a farmers' war, or a manufacturers' war, or a laboring man's war—it is a war for every straightout American, whether our flag be his by birth or by adoption. We are today a nation in arms and we must fight, farm, mine and manufacture, conserve food and fuel, save and spend to one common purpose.

It is to the great Northwest that the nation looks as once before in critical days for that steadiness of purpose and firmness of determination which shall see this struggle through to a decision that shall make the masters of Germany rue the day they unmasked their purpose and challenged our republic.

WOODROW WILSON.

for some time. He was the last of the family of four boys, Dr. Senn of Chicago having died some eight years ago. They have one sister living at Kansas City. Mr. Senn served all through the Civil War. Geo. and William Senn expect to leave on the morning train for that place to attend the funeral which will be held Monday.

Thanksgiving day comes Thursday, November 29. You will want to dress up on that occasion when you meet the home folks. See the new overcoats, suits, furnishings at H. W. Linnemann's. A large selection to choose from.

At H. W. Linnemann's you will find suits and overcoats, models which have proven the winners of the season. Styles and fabrics too numerous to itemize. Every garment worth your consideration and your money. Some men like to think they are hard to fit. Few really are. Dress stylish, warm and comfortable and you can weather the hardest storms of life with a smile. H. W. Linnemann.

AMERICAN FLYER 'COOL CHAP'

British Aviation Officer Tells How One Reported After Mixup With a "Fritz."

London.—"Those bally American flying chaps are a coolish lot," said a lieutenant of the Royal Flying corps back with about a pint of German shrapnel in his body.

"The other day one of those Li Fayette boys ran afoul of a Fritz 'archie' and had to get to the ground in a hurry. He dropped near our aero dromes and mugged things up a bit. After untangling himself from his machine he limped up to our commanding officer:

"Are you the big noise around this joint?" he asked our brass hat.

"No, sir, but I am the commanding officer here," our chief countered.

"Well," said the American, "I've just dropped in to tell you that I've sprinkled gasoline all over your grass plot."

Ford to Give U. S. His Time.

Washington, Nov. 17.—Henry Ford has agreed to give his aid to the government's merchant ship building program by becoming an assistant to General Manager Piez of the emergency fleet corporation. Mr. Ford will deal especially with standardization and speeding up production of the merchant fleet.

44 I. W. W. Taken at Army Camp.

Camp Lewis, Tacoma, Wash., Nov. 17.—Fourteen alleged I. W. W. have been arrested in a raid here conducted by military officers on a bunkhouse of the Hurley-Mason Co., builders of the cantonment. A mass of incriminating documents, including papers which are said to prove that the bunkhouse was a nest of violent agitation, was seized. The papers consist largely of newspaper clippings, private and confidential correspondence and extracts from radical publications against the government.

Hacking Coughs

"Granny" Chamberlain

"For Hacking Coughs that rob you of your sleep till your system becomes so run down that you are in grave danger of Pneumonia or Consumption, the kind that almost tear you to pieces, that make your head ache, your throat sore and inflamed, take

Chamberlain's Cough Remedy

It soothes and heals the inflamed air passages, stops the tickling in the throat, and by its tonic effect enables you to throw off the disease. Chamberlain's Cough Remedy is quite different from the ordinary cough medicine, for it not only soothes but also heals, so that the effected parts are restored to a healthy condition and the danger of a future attack is removed. I firmly believe that it is the best and most reliable preparation ever produced for coughs and colds.

Yours for Health —Granny Chamberlain

GATE LATCH IS CONVENIENT

Latest Device Is Equipped With a Link Fastened to a Post and Works Automatically.

Failure to keep the gate latched has caused many a farmwife a carefully planted and even more carefully tended garden patch, or has cost some farmer considerable money in damage done by prowling stock. Many gate latches have been invented and many of them work. But there always is

Handy Gate Latch.

some fellow who comes along and makes another just a little bit better. The picture shows the latest of these inventions. It is equipped with a link fastened to a post in such position that it always returns automatically to a horizontal position and holds the gate latched there.—Farming Business

SATURDAY, NOVEMBER 17, 1917.

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds,
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The Red, the Blue and White!
The one Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

* SUPPOSE THAT YOUR BOY *
* WERE ONE OF THE WALK- *
* ING WOUNDED *

By Bruce Barton

Yesterday I met a man who had just landed from the western front; and he told me the heartrending story of the walking wounded.

The wounded who have lost an arm, or an eye, or a part of the face, but are still able to struggle back from the front line trenches alone.

Go with me for a moment to France; I want you to see what we saw. I want you to know the truth.

It is the day before the big push. For weeks the army has known the exact hour and moment when the barrage would lift and the men leap out "over the top."

The enemy has known it, too; his preparations are as great and as careful as ours.

On the day before, the engineers plant a line of painted white posts a few yards apart, leading from the rear straight to the borders of No Man's Land.

Simple painted posts: what are they for?

They are to guide the walking wounded. Eyes blurred with blood and suffering that might lose the road can follow the trail of those painted posts; bodies too weak from shell shock or gas to stand alone can find there a momentary support.

The trail of the painted posts is the trail of the walking wounded; the trail of blood and misery and pain.

Just before dawn the men file into the forward trenches. Singing? Not a bit. Talking? Hardly a word. Only the silent, heavy tramp of men who have written their last letters home. Men with faces carved out of stone.

They pass out of camp; they pass the base hospitals; they pass the canteen. And just before they reach the front trench—at the very front, under the fire of the big guns themselves—each man pauses for just a second at a dug-out.

It is the front line trench of the Y. M. C. A.

From it a hand reaches out: in the hand a piece of chocolate for each man to be eaten in case he falls wounded in No Man's Land. A hearty Good Luck and God Bless You. It is with this, the voice of the Y. M. C. A. secretary, ringing in their ears that men go "over the top."

An hour passes; two hours. And slowly, painfully, draggingly, they come back. The men who have lost an arm and the men who have lost an eye, and the men who carry in their shoulders or their abdomens or their legs the enemy's bullets and shell.

Bleeding, staggering men, following the trail of the painted posts.

And they stop at the Y. M. C. A. dug-out first. It lies nearest the guns. Nearer than the doctor or hospital. There every man gets a cup of hot tea if he wants it; there two orderlies stand with hypodermics in their hands.

"Do you want it?" they demand of each man who passes through.

And either he thrusts out his arm

to receive the soothing potion, or he nods his head and passes on.

On along the way of painted posts to the hospitals and to rest.

Sometimes the dug-out is shelled, and a Y. M. C. A. secretary loses his life: two went out together on one day recently.

It is part of the game; they ask for no sympathy; they ask not even for pay; many of them are working for nothing at all.

All they ask is for money to "carry on." To be able to stand just behind the front with chocolate for the men who are going "over the top." To be able to stand there with hot tea and morphine for the men who are staggering back along the way of painted posts.

Thirty-five million dollars—it is a lot of money. But you would not say so if you stood beside the way of painted posts.

You would not say so if you saw the procession of the walking wounded.

It would not be much if one of the walking wounded were your brother or your cousin or your son.

He MAY be one of them before the war is over; he may be over there even now. Stand with him, asks the Y. M. C. A. Let the hand that the Y. M. C. A. reaches out be your hand. Let the chocolate that it gives be your chocolate, as he goes past the dug-out "over the top."

And be there with your cup of hot tea and your morphine when he comes back again.

Past the dug-out.

With the walking wounded.

Along the way of painted posts.

COWDRAY QUILTS IN HUFF

Head of British Air Board Resigns Place.

Offer of Post to Lord Northcliffe Is the Cause of His Resignation.

London, Nov. 17.—In consequence of Lord Northcliffe's letter to Premier Lloyd George, Viscount Cowdray, chairman of the British air board, has resigned.

Viscount Cowdray, in his letter to the premier tendering his resignation, protested against receiving through Lord Northcliffe's letter to the press the first intimation that the premier desired a change in the war ministry. Viscount Cowdray added that he hoped the resignation would be accepted as speedily as possible.

Viscount Cowdray was appointed chairman of the British air board Jan. 2 of this year in succession to Baron Sydenham. Cowdray accepted the post on the condition that he receive no salary.

Fear American Temper.

The newspapers comment extensively on Lord Northcliffe's letter to Premier Lloyd George, in which he declined appointment as air minister and criticized the government on the ground that it was dilly-dallying with such problems as unity of war control, eradication of sedition, mobilization of man-power and introduction of compulsory food rationing.

The Globe says the gravest of all Lord Northcliffe's warnings is that concerning the temper of the American nation, that the American people think, and think rightly, that Great Britain's rulers have muddled the war.

TWO WOUNDED SAMMIES DIE

Others Cited By French Commander for Bravery.

With the American Army in France, Nov. 17.—Two of the Americans who were wounded in the recent shell bursts have died at the field hospital.

A few infantrymen and engineers were wounded by shells and shrapnel. The first American artilleryman was wounded by a fragment of a German shell, which glanced off the gun the Sammy was serving. He was slightly injured about the head.

Three American officers, four non-commissioned officers and eight privates who participated in the recent trench fight were yesterday cited for bravery by the French commander.

LIBERTY MOTOR IN RECORD

Makes 633.12 Miles in Six Hours in Automobile.

New York, Nov. 17.—Driving an automobile equipped with a Liberty motor, Ralph De Palma established a world's record for six hours at the Sheephead Bay speedway when he covered 633.12 miles. The best previous record was 566 miles, made at Brooklands, England, by Dario Resta, Jean Chassagne and Lee K. Guinness, driving alternately. De Palma's effort was sanctioned by the A. A. A.

Backward.

James was standing beside the cradle of his month-old brother, trying to quiet him, when his mother came in and picked the baby up. After picking him up, she said to the father: "I really do not know what is the matter. Joseph will be eleven months old tomorrow and he has only two teeth." James said: "Gee, that ain't nothing. Grandma's eighty years old and he only has one."

REBELS BATTER KREMLIN WALLS

18,000 Bolsheviki Beseige Keren-sky Forces in Moscow's Great Stronghold

TROOPS CAN HOLD OUT

Have Food and Supplies for Several Days—Kerensky Makes Escape Disguised as Sailor—Staff Is Captured.

Petrograd, Nov. 17.—Kerensky is reported to have fled disguised as a sailor and General Dukhonin has assumed temporarily the post of commander in chief of the Kerensky forces.

General Krasnoff, arrested with other members of Kerensky's staff, has been released on the ground that he was only obeying orders of his superior. Premier Kerensky when told that his officers were against him and the men were at the point of deserting, agreed to come to Petrograd, but while a guard was being arranged, he disappeared.

Kerensky Forces Defeated. Premier Kerensky's forces, which advanced from Gatchina to Tsarskoe Selo, have been defeated by the Workmen's and Soldiers' forces between Tsarskoe Selo and Pulkova, 12 miles from Petrograd.

The Kerensky contingents have retreated to Gatchina. Seven thousand military cadets and 3,000 troops are besieged in the Kremlin at Moscow by 18,000 Bolsheviks, who are battering the ancient walls and buildings with heavy artillery, according to one report received here.

The government troops are said to have a fairly plentiful supply of food and ammunition and to be capable of holding out for some days.

Stories of Looting Exaggerated.

According to the informant of the Associated Press, a semi-official American returning from Moscow, the stories of wholesale looting and burning there have been exaggerated. There has been indiscriminate firing throughout the city, but aside from the havoc at the Kremlin there has been little damage done to property.

The loss of life since the beginning of the insurrection is estimated at from 2,000 to 5,000.

General Kaledine, upon whose help the defenders of the Kremlin are counting, is reported to have cut the railway southward to prevent provisions arriving while he was moving toward Moscow.

Dispatches from Kiev say that the Cossacks and military cadets are in control of that city.

SAMMIES WITNESS AIR DUEL

See French Flyers Administer Defeat to Huns.

With the American Army in France, Nov. 17.—French airmen defeated German flyers in the first air fight above the American sector on the French front. The combat was witnessed by the Sammies with the keenest interest. Two French airplanes ascended in the afternoon. Thereupon three Germans ascended, and then three more French machines.

The three Germans hastily retreated. The last seen in the air duel was a French machine pursuing a German plane in a westerly direction, spitting machine gun fire at the foe. The action was fought at comparatively low altitude.

"SUFF" PICKETERS LAY OFF

Declare Armistice To Give President a Chance.

Washington, Nov. 17.—An armistice has been declared by the militant suffragists here—"to give the President a chance to decide whether he will urge the federal enfranchisement of women in his message to Congress on December 3."

This picketing armistice of the National Woman's party, which saw the sentencing of the last of its members arrested in the recent demonstrations has a "joker," no militancy will be resumed—unless brutal treatment of the two score or more of prisoners, most of them hunger-striking, should necessitate more forceful protest than hungerstriking.

THREE SLAIN FOR LOYALTY

Bodies Found With Note Warning Against Aiding U. S.

Virginia, Minn., Nov. 17.—Three persons, Mr. and Mrs. Paul Alar and a boarder, Peter Prepich, have been killed by an ax murderer.

Their bodies were found in their home here with a note of warning to all other Austrian families in Virginia who bought Liberty bonds or subscribed to the Red Cross.

G. O. P. Committee Enlarged.

St. Paul, Nov. 17.—The republican state committee which divided by a vote of 11 to 10 recently on the endorsement of Senator Kellogg for republican national committeeman, is to be enlarged from 21 to 31 members. Chairman Thornton will name the additional 10 members. Authority was given for the increase at a quietly called meeting of the executive committee. The reason given is that owing to the political activities of the Nonpartisan league, it is thought wise to extend the party organization.

Doctor Says Incurable Sufferers Should Die

DR. HARRY J. HAISELDEN

Dr. Harry J. Haiselden, of the German-American Hospital of Chicago, whose refusal to operate on babies who would grow up to idlers, has again startled the medical world with his announcement that he believes incurable sufferers should be put to death.

PATRIOTIC MEET HELD

All Minnesota Counties Are Represented.

Gathering To Wipe Out Stain Left By Non-Partisans—Senators Speak—Wilson Message Read.

St. Paul, Nov. 17.—Delegates were here from every county in the state listening to patriotic speeches by Minnesota's two United States senators, its governor, representatives of the national government and of two of the Allies. Minnesota attested its loyalty with one of the greatest outpourings of patriotic citizens in the history of the state.

To Wipe Out Stain.

Today the delegation will come to Minneapolis for similar meetings to be held in the Auditorium in the afternoon and evening.

The real purpose of the gathering is to wipe out the stain left by the Non-partisan league meeting at which La Follette was the headliner. It is also an answer to propaganda spread throughout the state by pacifists and Prussian sympathizers.

Counties Send Bands.

When a great parade moved to the capital through the streets of St. Paul in the afternoon there was evidence from every portion of the state where disloyalty has shown its head that "copperheadism" was no longer to be tolerated. Glendon, McLeod county, where Townley, Tolgen and Bentall made their recent speeches, sent a band and 100 citizens. They carried banners attesting to the loyalty of McLeod county.

New Ulm and Brown county were represented with a large delegation of patriotic citizens and a band.

Wilson's Message Read.

At the afternoon meeting at the Auditorium, a special message from President Wilson was read by Frank W. Murphy of Wheaton, who presided.

Senators Knute Nelson and Kellogg spoke. At the morning session, Car Vrooman, assistant secretary of agriculture, told the audience that the President and his advisors were doing everything in their power to cut down war profits.

JAPAN NOT TO SEND TROOPS

Expedition to Europe "Impossible," Minister Says.

Tokio, Nov. 17.—Sending of troops to Europe by Japanese is "impossible," Minister of Finance Shoda declared in an address before the National Economic association's meeting at Osaka. "The reason is too obvious to explain," the minister asserted.

"The Allies understand Japan's peculiar position in the war," he continued. "Japan has been and will continue to assist the Entente in other ways than by troops."

"She has already invested \$500,000,000 directly or indirectly in the Allied cause. She will maintain that financial aid."

Think on Pleasant Things.

The way to forget some unpleasant things you do not want to remember is to learn many new things that you do—and constantly think on these things.

Optimistic Thought.

The man who speaks with prudence, do not think him to be tedious, though he speaks much and long.

DISPATCH WANT ADS PAY

BOMB IS PLACED IN BIG AUDIENCE

Fire From Fuse Starts Panic in Chicago Auditorium During Opera Performance.

ALIENS ARE SUSPECTED

Artist Calms Audience by Singing "Star-Spangled Banner," Great Throng Joining in—Officials Search for Culprits.

Chicago, Nov. 17.—Three Germans, attired in evening clothes, who are alleged to have planted a deadly bomb in the center of a grand opera audience, are being sought by federal officials and police. The bomb was analyzed and found to contain a charge of black powder and leaden pellets.

Chicago, Nov. 17.—A bomb, a length of lead pipe filled with black powder and with a fuse lighted, was placed in the front of the main floor of the Auditorium theater just as the performance of the opera Dnorah was begun.

A half hour later, just before the end of the first act, a flame shot up from the bomb, the occupants of the seats on that floor of the building surged in panic toward the exits and Galli-Curci, aided by the artists of the Chicago Grand Opera company, started the "Star-Spangled Banner," the audience joined in, the fuse was extinguished and quiet restored.

Investigation Begun.

The bomb was taken for investigation by officials of the fire department and federal agents at once began an effort to learn who placed it in the building.

Whether it was intended as a protest against the extravagance of grand opera, the rich gowns and jewels of the theatergoers and the high salaries of vocalists in these war times, or whether it was a demonstration of an enemy alien's frightfulness, could not be learned.

Two women who occupied seats near where the blaze flamed up told Hinton Clabaugh of the Department of Justice that three men of marked German appearance had sat near them and had left soon after the auditorium was darkened.

Holders of Seats Sought.

An effort is being made to learn to whom the seats were sold.

Officials of the city fire department opened the bomb and tested the powder it contained. They declared it probably was not sufficiently highly explosive to injure the building seriously, but that it would have injured persons nearby when it exploded and that it undoubtedly would have caused a serious panic.

Two Theories Held.

It was their theory that the bomb had been lighted and possibly some few grains of powder had been dropped from the fuse and ignited, causing the original flame that first attracted attention in the building.

A theory that the fire on the fuse had been stepped on by the occupant of an adjoining seat and prevented a catastrophe is held.

SEND TROOPS TO PRESIDIO

Rushed There To Guard Mexican Soldiers.

El Paso, Texas, Nov. 17.—Two more companies of American soldiers have been dispatched to Presidio, Texas, to help guard the 500 Mexican federal troops now garrisoned there, after having been driven across the international boundary from Ojinaga recently by Villa bandits. This makes a total of six companies now at the border post.

The Mexican consulate general here was advised that Villa and about 1,000 followers have departed from Ojinaga for Chihuahua City. This report has caused grave concern, as the city is garrisoned by less than 1,000 men. Many panic-stricken citizens, expecting an attack from the bandits, are fleeing from Chihuahua toward the American border.

POPE PLEADS FOR WOMEN

Appeals To Invading Huns To Respect World Law.

Rome, Nov. 17.—Pope Benedict has asked the central empire governments to instruct their military authorities operating west of the Isonzo to follow the rules of international law in respecting the lives of women and children, the clergy, hospitals, churches, bishops' palaces and presbyteries. The pontiff has ordered the papal nuncios at Munich and Vienna, if necessary, to appeal personally and directly to Emperor William and Emperor Charles to obtain fulfillment of his wishes.

Allies Overcoming Teuton Propaganda

Washington, Nov. 17.—The American government is matching Teuton propaganda with efforts to influence public opinion in the central powers. All the Allies are doing the same, it is semi-officially announced here. Besides hundreds of German soldiers who have used the password "Republic" similar French efforts since the opening of the war have cost Germany 20,000 Alsations, deserting from the Teuton ranks, according to word of a member of the French high command visiting here.

Do Something Better Than the Other Fellow--- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

We Lose Money--You Lose Money

If You Don't Advertise in the Dispatch

Y. M. C. A. WAR WORK FUND

Time is Short if Brainerd Desires to
Reach the Quota and Go Over
the Top Monday

THE CITY MUST DIG DOWN DEEP

If Solicitors Have Not Seen You,
Bring Your Donations to Any
Bank of the City

The donations to the Y. M. C. A. War Fund thus far contributed by Brainerd people up to 3 p. m. today was \$4,271.25.
The drive will be continued Monday and longer if necessary to secure the quota allotted to this city. Everyone is urged to contribute liberally. If not called upon, go to your bank and leave a check payable to the committee chairman. It will be duly recorded. If we go "over the top" it means more liberal donations on the part of some than have thus far been received.

The little "Glooms" crept in at the partly closed door of the council room at the Chamber of Commerce last evening and perched upon the backs of the chairs occupied by ward captains and lieutenants of the big Y. M. C. A. War Fund drive, gathered at the call of Carl Zapffe, general chairman, to report on progress and discuss plans for continuing the drive.

The little chaps made themselves conspicuous only for a time, for the fire of optimism of the chairman, and a majority of those present soon drove them away. The friendly ghosts of successful past performances on the part of Brainerdites stole in and whispered, "Brainerd never fails—cheer up"; their presence had its effect and the workers buckled on their armor with renewed determination to put it over, notwithstanding the somewhat discouraging reports of small donations and apathy in some localities.

Reason is Lacking
A valid reason for the failure of some people to respond is lacking, and the lack of interest or effort in some localities is taken as strange, in view of the worthiness of the cause.

Individuals have put off the solicitors with a promise to send in a check and when the check arrived, its proportions were of such diminutive size as to send hopes and aspirations down to zero in a hurry. To be sure, reports from the shops and mills were not all in last evening and the Boy Scouts, city schools and other loyal exponents of the plan to do for the boys at the front will be working hard today and Monday and much is expected from these sources, but the public is earnestly urged to realize the important need of the Y. M. C. A. in this work, just what it means to every man now in the government service in the war who is liable to be called later on, selfishness must be put aside and true liberality shown. The time is short, other towns are coming to the front with splendid responses and those who know Brainerd people best are still firm in their convictions that we will "go over the top" by Monday night, without a trip or stumble.

Work, Not Talk

Talk will do no good; the time has gone by when we can satisfy our consciences with waving flags and cheering other fellows on their way to the front. It's great to be back by the home fireside and away from shot and shell, oh yes, it's fine, but those who can not go have their solemn duty to the government and to the boys who have gone; the opportunity is here and it is NOW.

Brainerd people must dig down deep and often until this war is over as must the residents of every city and hamlet in the country.

What Pershing Says

Here is what General John J. Pershing says of the Y. M. C. A. work at the front:

"The work now being done by the Y. M. C. A. for our soldiers in France is very important. It performs a real service that makes for contentment. The Y. M. C. A. has won its place by its own army and navy as well as in the hands of the prisoners of war and the men in the training camps of Europe and may I not express also my sincere personal interest in the large plans of the war work council for the work which is still ahead of the association?"

What Pres. Wilson Says

"May I not express to you the very high value I have attached to the work which has been accomplished by the Y. M. C. A. in behalf of our own army and navy as well as in behalf of the prisoners of war and the men in the training camps of Europe and may I not express also my sincere personal interest in the large plans of the war work council for the work which is still ahead of the association?"

A Final Appeal

A final and earnest appeal will be made in the churches of the city to-

morrow, local pastors having in a majority of cases entered into the spirit of the movement and given their unqualified support. The following committee, R. R. Gould as chairman, has charge of the arrangements with the pastors of the different churches: R. R. Gould chairman, Dr. Jos. Nicholson, G. S. Swanson, Edward Crust, Dr. E. E. Long, Eric Westberg, Prof. W. C. Cobb, Geo. Berggreen, G. A. Beale.

4-Minute Men

The schedule of the 4-Minute Men for the week now closing shows that they have established a record, considering the number of speakers and the number they have addressed. A speaker has been at the local picture shows each evening, at the shops one day, at school gatherings and in other places and has given freely of his time and efforts in the drive.

The chairman's record indicates: Approximately 5,000 people, in different walks in life, have been addressed upon this subject during the week by the 4-Minute Men. Speakers have doubled up in their work, some have spoken three or four times during the week. None have shirked their responsibility but have put aside their personal affairs for the time to devote their energies to this great work.

One Last Word

One last word of appeal. The drive will continue today and the early part of next week. If you have not been approached by some of the solicitors, take the initiative and do your part by sending in a check. Make it a liberal one. If Brainerd lives up to its record of the past more donations, larger donations must come in and the time is here to contribute. Let every home in the city be well represented in order that your son, your neighbor's son, may have the bodily comforts and the moral surroundings which mean so much to him in these times which try men's souls and which cheer Satan into gleeful anticipation of a victory he is to be deprived of by united manhood and womanhood of the greatest nation on God's green footstool.

ROLL OF HONOR

More Brainerd boys arrived from Camp Dodge this afternoon for a short furlough at home. They included Art Johnson, George Fricker, Ed Clark, Ralph Payne, B. E. Goddard, Wallace Olson, Ole J. Nesheim, Wm. Peterson, George Lundgren.
Mr. and Mrs. J. W. Koop have gone to St. Louis to meet their son Lamont, who in three weeks joins the aviation corps in London.
Raymond T. Elter of Breckenridge has joined the coast artillery, his application having been secured by Corporal Raymond Lowery.

AMERICAN ROADS

**Earn \$50,000,000
More Than Estimate**

(By United Press)

Washington, Nov. 17.—American railroads earned \$50,000,000 more during the first nine months of 1917 than it was estimated they would make in the entire year, Clifford Thorne of the Shipper's counsel pleaded in his arguments on the 15 per cent increase asked.

Prices will Drop
**Says Jos Cotton
Head Meat Committee**

Chicago, Nov. 17.—Joseph Cotton, head of the meat committee of the food administration, predicts that prices will drop. The regulation of profits are completed awaiting Hoover's approval before announcement.

Situation in Russia Chaotic

Washington, Nov. 17.—Petrograd is still under Bolshevik rule and the Russian situation is chaotic, unofficial dispatches from Stockholm to the state department say.

NOTICE U. C. T.

Business of importance, which is of interest to each member, will be taken up at the regular meeting in Elks hall Saturday evening, Nov. 17. Be there. Signed,
14012 G. W. MAHOOD, Sec'y.

GUN SHOT IS FATAL TO MAN

Knute Narveson, Former Crow Wing
County Man, Died in Montana
Following Accident

FUNERAL HELD AT BIG SANDY

Survived by Widow and Ten Children,
Three of Whom Lived in
Schooby, Mont.

This story from the "Bear Point Mountaineer," Big Sandy, Montana, records the accidental death by gunshot wound of Knute Narveson, a former resident of Crow Wing county:

A sad accident was that which happened a few days ago when Knute Narveson, a man aged 54 years, was accidentally shot and killed, while riding on a load of poles, which he was hauling to his homestead in the mountains.

The team was driven by one of Mr. Narveson's boys, while he was riding on the rear end of the load, operating the brake on the wagon, and in some unknown manner the gun, which was lying on the load between the two men became discharged, the load striking Mr. Narveson in the side, under the left arm. The report of the discharge startled the team, and when the boy looked around the gun was lying on the ground, and the body of his father was wedged between the load of poles and the brake staff. It is not known whether the gun was discharged from shifting on the load of poles or whether it had fallen to the ground before being discharged.

This was the third time that Mr. Narveson had been wounded from accidental shootings, the other not proving fatal.

Mr. Narveson has been a resident of this vicinity for about four years, coming here and proving up a homestead on Lonesome Prairie, and had taken an additional claim, upon which he was living at the time of the accident. He leaves a wife and ten children, three of whom are residing at Schooby, Mont., one on a homestead near Big Sandy and the balance of the family at Brainerd, Minnesota.

The accident occurred over the line in Blaine county, and as soon as the officials of that county act, interment will be made in Big Sandy.

Mr. Narveson has many friends in this locality who are grieved at his sudden taking away, and who sympathize deeply with the surviving members of the family.

Funeral services were held at the undertaking parlors at Big Sandy, Montana, Sunday morning at 10:30. Nov. 11th, Mrs. Alice N. Susag of Schooby, Mont., arrived to attend the funeral.

BRAINERD'S ODDEST STORIES OF TODAY

In a lengthy discussion of the war Ed Levant said he believed in the conclusions arrived at by his friend, Con O'Brien, who had said after mature reflection that the gainers at the end of the world war would be the Irish and the Jews. This opinion, said Ed, would however be held in abeyance until OK'd by Rabbi Col. C. D. Johnson.

Y. M. C. A. WORK NOTES

The high school has raised over \$200 for Y. M. C. A. war work funds.

The Ransford hotel holds the record for hotel collections taken up among employees. Here is the list:

Andrew Berglund, manager, \$10.00
Al Beaver, chef, 5.00
Sam Rosenzweig, chief bell boy, 5.00
C. W. Brown, day clerk, 5.00
Joe Murphy, night clerk, 5.00
Wm. McGee, temperance bartender, 5.00
John Uddenberg, porter, 5.00
James Harris, porter, 5.00
Raymond Russell, bell boy, 1.00

Germans Repulsed

Paris, Nov. 17.—Increased artillery and raiding is officially announced, the German raid at Correccon on the Aisne being repulsed despite German artillery preparation. A successful French raid is reported at St. Quentin.

CAN'T USE LIGHTS

The Time for Spearing Fish in Lakes
With Artificial Lights Has Ex-
pired, Penalty Now Attaches

Game Warden Cardie is calling the attention of fishermen to that provision in the game law which reads:

Artificial lights allowed in spearing fish in streams only, not closer to a lake than 500 feet, in April and October, and in lakes from November 1st to November 15th.

It will be seen from the above that spearing with artificial lights in lakes which is allowed the first fifteen days of November has expired by limitation and this warning is given in order that there may be no misunderstanding, as arrests will follow infractions of the law.

IN NEW CHARGE

Rev. P. Alfred Peterson Pleased with
Brainerd and Swedish Baptist
Church

Rev. P. Alfred Peterson, of Rockford, Ill., preached his first sermon at the Swedish Baptist church, his new charge, and pleased all members of his congregation. At Rockford he had made his home for three years, building up the church there.

Rev. Peterson is much pleased with Brainerd and anticipates this most inviting field to work in.

REMEMBERED BY HIS CONGREGATION

REV. E. G. CARLSON,
Pastor Swedish Lutheran Church

Rev. E. G. Carlson, pastor of the Swedish Lutheran church six years, was surprised on his 36th birthday by his congregation which presented him with a purse of \$100. At the program prayer was offered by one of the deacons, August Lind, addresses were made by G. S. Swanson and Supt. W. C. Cobb, reading by Miss Agnes Sundine, song by Miss Bertha Olson.

Swedish Baptist Church

At the Swedish Baptist church the pastor, P. Alfred Peterson, will speak in the morning on "The Banishment of Tears." His evening topic will be "Thinking and Turning." There will be special singing at both services. Rev. Peterson will give a solo with guitar music in the evening. The public is cordially invited to attend. The choir is promising excellent service. It will meet for rehearsal next Wednesday evening at the home of Emil Gustafson, 1521 Norwood St.

Christian Science Society

Camels hall, Iron Exchange building, Sunday school at 10 A. M. Sunday service at 11 A. M. Wednesday evening at 8 P. M. To these services the public is welcome. Subject for Sunday, "Mortals and Immortals." Golden Text, Psalms 103:17.

A Christian Science reading room is maintained in the same building, room 218, second floor, which is open daily except Sundays and holidays from 3 to 5 P. M. Christian Science literature is furnished for free distribution and also for sale.

Swedish Bethany Church

Sunday school meets at 10 a. m. There are classes for all ages, in both Swedish and English. The attendance has doubled during the past month and efforts are being made by the members to have it double once more before Christmas.

Love's Demands

"Love requires no such proofs as expressions of love. Love demands little else than the power to feel and require love."—Richter.

\$15,000 STATE AID FOR COUNTY

State Highway Commissioner Babcock and Engineers Approve
Road Work in County

INSPECTED WITH CO. ENG. MOTL

Visiting Commissioner and Engineers
Interested in Operations of
Ford Road Outfit

C. M. Babcock of Elk River, State Highway Commissioner, J. H. Mullen of St. Paul, state engineer, and R. K. Blier of St. Paul, division highway engineer, made an inspection of Crow Wing county state roads in company with County Engineer C. L. Motl and pronounced them to be in a very satisfactory condition.

This means that Crow Wing county will be allowed the final payment of \$15,000 state aid on these roads this year.

The visiting commissioner and engineers were interested in the operations of the Ford tractor dragging outfit and asked Engineer Motl to submit a detailed report on its cost of operation and upkeep. Mr. Motl is now testing out the tractor and attachment.

WHERE TO WORSHIP

Barrows

Public preaching service at 3 P. M. Sermon by the pastor, subject, "The Value of a Man."

German Evangelical Church

Morning service at 10:30. Sermon by the pastor in the German language. Sunday school at 9:30. Bible lesson, "The Mustard Seed and the Leaven," Matthew 13:21-33. Rev. Wm. J. Riemann.

Norwegian-Danish Lutheran

No services in the Norwegian-Danish Lutheran church. Rev. A. Sorenson is to occupy the pulpit of the Lutheran church in Little Falls. Sunday school at 9:15 A. M. Confirmation class Saturday, 10 A. M.

Peoples Congregational Church

Rev. Wm. Lloyd Crist, pastor. Sabbath school at 10 a. m., lesson, "Nehemiah's Prayer Answered," Neh. 2:1-11. Morning service, 11 o'clock, subject, "Seven 'I Will's'." Evening service 7:30 p. m., subject, "The Touch of the Master."

First Congregational

Morning worship in the First Congregational church at 10:30. Rev. G. P. Sheridan will preach on the theme "The Greatness of Jesus." Special music will be rendered by the choir. Bible school at 11:45. Men's class at 11:45. All men are urged to attend. Young Peoples society of Christian Endeavor at 6:45. We cordially invite you to worship with us. Rev. G. Phil. Sheridan, minister.

Swedish Baptist Church

At the Swedish Baptist church the pastor, P. Alfred Peterson, will speak in the morning on "The Banishment of Tears." His evening topic will be "Thinking and Turning." There will be special singing at both services. Rev. Peterson will give a solo with guitar music in the evening. The public is cordially invited to attend. The choir is promising excellent service. It will meet for rehearsal next Wednesday evening at the home of Emil Gustafson, 1521 Norwood St.

H. F. Michael Co.

Victrola Concert

You furnish the turkey and we'll furnish the Victrola!

Then after your Thanksgiving dinner you and the family can sit back in your easy chairs and give yourselves up to the pleasure of hearing your favorite music—everything from grand opera to musical comedy, from the great symphonies to the latest dance music.

This pleasure can easily be yours Thanksgiving Day and every day thereafter. Just stop in and have us send you a Victrola immediately subject to our convenient terms.

Victors and Victrolas, \$10 to \$400.

H. F. Michael Co.

meet at 6:30 p. m. They have just started their work for the winter.

Evening service at 7:30. The English language will be used. Special music by the choir. If not affiliated with any other church we invite you to pay us a visit.

Presbyterian Church

Morning worship and praise at 10:30 o'clock. Rev. W. R. Harshaw state synodical superintendent of Home Missions, will preach on the subject of "Missions." The quartet will sing. In the evening at 7:45 Dr. Harshaw will speak on "Through Palestine on Horseback." This will be a lecture on his trip through the Holy Land. The evening chorus will sing.

Christian Endeavor at 6:45

Sabbath school at noon. Primary department and Woman's Bible class at 9:30. All are invited. W. J. Lowrie, pastor.

First Baptist Church

Morning service at 11 o'clock. The pastor will speak on the subject, "Men Ought Always to Pray." Evening service at 7:30. Sermon subject, "What Think Ye of Christ?" Special music will be furnished by the church choir. Baptism of new members will occur at the close of the evening service. Sunday school at 9:45 A. M. Every member should strive to be present. Junior Society at 3:30 P. M. B. Y. P. U. at 6:30 P. M. Prayer meeting Thursday at 7:30 P. M. You are cordially invited to participate in these services. R. E. Cody, pastor.

St. Paul's Episcopal Church

24th Sunday after Trinity. 10:30 holy communion and sermon, "How do You Think of God?" 11:30 Sunday school. 4:30 evening prayer and sermon, subject, "The Spiritual Call of the World's Crisis." The nation's appeal to the manhood of the country is revealing a firm faith in human character. The response to the appeal reveals a capacity for heroism, a readiness to serve at the risk of life. Why cannot this splendid spirit be called forth in times of peace? We need to study very carefully what this war is teaching the nations. All are welcome to the service.

Methodist Church

Morning worship at 10:30 A. M. The second sermon in the special series on "Soldiers of the Cross," will be delivered by the pastor, Rev. F. W. Hill, the theme being "Enemies of the Soul." Special music under the direction of Dr. E. E. Long: "Remember Now Thy Creator," Adams,

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

by the Methodist Quartet; duet, "Calvary," Ackley; by Stephen Nichols, tenor, and Dr. Long baritone; instrumental trio, "Lake George Idyl," by Tremain, Miss Fern Hitt violin, Wm. Rodenkirchen cello, Mrs. C. B. Miller piano. Bible school at 12 o'clock. Epworth League at 6:45 P. M. Junior League and Booster Chorus at 3 o'clock P. M. Evening service at 7:45 P. M. The sermon subject will be, "The Age of Gold and the Golden Age." This sermon will be especially appropriate for young people. Special music, "Tarry With Me," by Davis, quartet. The chorus will also sing accompanied by the orchestra. You are cordially invited to worship with us.

Dwarf Trees for Gardens.

Dwarf trees are suited to small gardens, they occupy little space, are easily cared for, bear sooner than standard kinds, and they are easily shaped into bushes and pyramids, or can be used in espalier forms, trained on buildings, fences or trellises.

Sudden Death

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric, in tablet form." You can obtain Anuric at drug stores, the discovery of Dr. Pierce of Invalids' Hotel, Buffalo.

A PROMINENT WOMAN OF MINNESOTA.

Red Wing, Minn.—"About twenty years ago I caught a severe cold, it settled all over me. This caused trouble from which I suffered for some time. I had dreadful bearing-down pains and backaches. I took several different kinds of medicine but found no relief in any of them. I learned of Dr. Pierce's Favorite Prescription and this medicine gave me great strength and soon relieved me of this ailment. Shortly afterward I took down with bronchitis. For this I took the 'Golden Medical Discovery' and it soon cured me. I feel greatly indebted to Dr. Pierce for the relief obtained from his medicines. I can recommend them to I have never known them to fail."—Mrs. SARAH BARTLETT, 832 Sturtevant Street.

EARLY PEACE IDEA MUST BE DROPPED

WASHINGTON OFFICIALS ASSERT OPTIMISTIC STORIES ARE GERMAN PROPAGANDA.

RESULT IN OVERCONFIDENCE

Men in Training Camps Must Not Think Their Efforts Are to Be Wasted Because End of the War Is in Sight.

By EDWARD B. CLARK.

Washington.—The war department may bring the second series of officers' training camps to a close more quickly than was intended. It is believed also that the senior class at West Point will be graduated quickly. It is not difficult to find a connection between the recent happenings on the Italian front and the probable decision of the war department to bring more American officers quickly into the service.

There never has come from Washington headquarters nor from individual officers of the service any expression of opinion that the war is likely to end soon. On the contrary army officers trained to a study of the situation have felt and still feel that the war is likely to continue for a long time to come. It is definitely known that the military authorities, and with them, of course, the naval authorities, have been worried over the excess of optimism in the country on the subject of a short war.

Officials here have not hesitated to say at times that the optimistic stories, just as surely as the pessimistic ones which have been spread through the country, have sprung from the ranks of German sympathizers. As the feeling expresses itself concerning these stories of cheer it runs along the line of fear that men will not be willing to undertake training in the officers' reserve camps if they are imbued with the thought that they are to go through the trouble and the toil of the thing without any chance of being able to take a hand in war's proceedings.

Must Expect Long Conflict.

Moreover, the stories which have been spread apparently systematically to the effect that the war soon is to end will have, if they have not already had, the effect of making thousands of men in camp let down in their endeavor to perfect themselves as soldiers. "If we are not to serve, what is the use of digging trenches all day?"

There are officers of the army who do not believe that there is any chance that this war will end for at least eighteen months or two years. They believe that the people will reconcile themselves to the thought of a prolonged war when they dwell on the fact that the end of the war must mean the triumph of democracy over autocracy.

The United States has been fed on stories of the weakening of Germany, the starving condition of its people, its armies' lack of munitions, and with tales of other kinds intending to show generally a weakening condition of the enemy. Army officers here have discounted these stories from the beginning. Some of them actually believe that in some subtle way or other the Germans have managed to get stories of this kind into headquarters' places of the various allied countries and have done it for the express purpose of giving overconfidence to Germany's enemies and especially to the United States of America.

The United States government did not begin to prepare for war until war came, but it is now making preparation not for a war of months but for a war of years. Of course, as some of the officers say, the entirely unexpected may happen and Germany may crack from some at present unforeseen cause, but their implicit belief is that the tales of cracking on the part of the enemy countries have been propaganda pure and simple.

Mark Twain's Attitude on Facts.

"Be sure of your facts," advises a book on newspaper making. Mark Twain had his own ideas on facts. "First get your facts," he said, "then you can distort 'em to suit yourself."

lights, gas, front and back porches. Three corner lots, street paved. For a quick sale will be sold at a bargain, 1-3 cash, balance \$20.00 per month. J. R. Smith, Sleeper Block. 1723-1381f

Divers Get to Treasure Ship After Years of Vain Effort

Rich Copper Cargo Now Being Recovered From the Pewabic, Sunk in Lake Huron in 1865. Many Skeletons In Hold

After lying for more than half a century on the rocks and clay that form the bottom of Lake Huron off Thunder Bay Island, south and east of Alpena, the treasure stored in the hold of the steamer Pewabic, sunk Aug. 9, 1865, in waters far beyond the depth at which the diver hitherto has been able to work, is now being brought to the surface safely and without trouble, says the Detroit Free Press.

With the raising of a "clam" load of relics from the long sunken steamer, came at once the breaking of a world's record in deep sea salvage, the fruition of the three years' efforts of a small party of Toledoans and Detroiters to prove deep sea salvage possible and the end of a story that was already treading on the border land of inland seas legend.

Lives Given In Search.

For the Pewabic is a treasure ship in truth. Men have given their lives to reach her treasure in vain. Fortunes have been wasted in the efforts to reach the prize cargo 180 feet under the surface of the water. Now her treasure—pure copper—is coming up. Some of it passed Detroit recently on the way to Toledo, together with a mass of other relics from the long lost vessel.

In the hold of the Pewabic lie nearly 300 tons of copper, worth \$200,000 or more at the present market. Besides the copper, there are several hundred tons of pig iron. What else of value lies beneath Thunder bay waters is conjectural. There was a story that there was \$30,000 or \$40,000 of specie in the boat's express safe, but this is denied by Captain George P. McKay of Cleveland, now treasurer of the Lake Carriers' association, who was master of the vessel when she sank.

There is also a story of a belt owned by a woman passenger, which was said to contain a large diamond and a large sum of money.

Divers Find Skeletons.

It is a fact that one of the passengers, who was saved, offered a reward of \$1,000 for the recovery of his trunk. His name has been long since forgotten.

In the hold of the vessel divers found a number of skeletons.

The successful attack upon the most powerful of all barriers to deep sea work—water pressure—has been brought about by the "armored diving suit," constructed on novel lines by B. F. Leavitt of Toledo. Leavitt made his "suit" more than a diver's suit.

It is in reality almost a "submarine." Constructed of phosphor bronze, it carries its own air supply, condensed, sufficient for a four hour stay under water. What this means in divers' work may be best understood by explaining that at seventy-five feet, the limit for practical work by the present day diver, a human being can stand the pressure for about fifteen minutes.

Up on Thunder bay the men going down to the Pewabic descend nearly three times the hitherto practical depth and remain four hours. At seventy-five feet the diver heretofore could move about very little. In the new armored incasement the diver can scarcely move at seventy-five feet. The pressure is insufficient to counter-balance the great weight of his suit.

At 150 feet he begins to move freely. Projecting from the Leavitt suit and working in water tight sockets are two steel fingers, manipulated by the hand, which is free in the big sleeve, composed of flexible copper bands covered with heavy rubber.

Leavitt Outdoes Hawaii Divers.

When the F-4, United States submarine, sank off Hawaii harbor several years ago in 236 feet of water world's records were made in diving to attach chains and hoist her.

Three divers reached her. One was brought up dead. Another came back with his lungs burst, and the third was brought to the surface a maniac.

Leavitt in a demonstration on Grand Traverse bay descended 300 feet, or 136 feet deeper than did the F-4 divers, and came to the surface feeling as well as when he descended. He remained at that depth forty-five minutes.

The future is too clouded with uncertainty to warrant predictions, but the work on the Pewabic seems to indicate that untold wealth will be raised from the bottom of ocean and inland sea. The great lakes alone will yield fortunes.

Along the jaws of sawtooth reef, off Keeweenaw peninsula, Lake Superior, lie scores of cargoes of iron and copper. Year after year boat after boat with Minnesota's wealth of iron and Michigan's wealth of copper has sunk in Lake Superior.

Many of them lie less than 100 feet down. Lake Huron has scores of wrecks that, if they can be located, will yield fortunes. There's the old Colburn, sunk in 1872 near Port Huron, with copper that is now worth half a million dollars.

The Pewabic was sunk fifty-two years ago in a collision with the old steamer Meteor, well known for a number of years later. The Pewabic

A Silk Gown Is Brought Up In Good Condition—All Records For Deep Sea Salvage Broken by New Device

was owned by the Lake Superior Transportation company, consisting of Wells D. Walbridge, J. T. Whiting and L. McKnight, all of Detroit and all of whom died many years ago. On her way from Duluth to Buffalo the Meteor rammed her.

She had on board 150 passengers and a crew of thirty. One hundred and twenty-five persons were drowned. Captain McKay was thrown into the water and was picked up by a boat after the steamer sank.

The collision occurred six and a half miles south and east of Thunder Bay Island, about fourteen miles from Alpena.

Because of the depth of water the boat sank below all currents and storm disturbances and has remained more than half a century on the exact spot where she went down.

The Leavitt diver reported she rested on clay and rock, on even keel, with her rigging and deck structure intact. He was able to make his way through the steamer's saloon and cabins with ease, and he sent up for souvenirs one "clam" load of objects that lay at hand. Among these were numerous fine silk and broadcloth garments of fifty years ago.

Old Time Fabrics Endure.

Despite its submersion under 180 feet of water for fifty-two years, a silk gown when dried apparently was almost as good as when the waters closed over the steamer. The crimson and blue colorings of cotton goods were undimmed by their long immersion. They were as bright as the day they were purchased.

A peculiar condition marked woolen fabrics, however. The material that comprised the wool had disappeared, leaving the warp as small meshed netting, but in good condition.

Several watches, an ancient revolver, coins of dates prior to the civil war, jet bracelets and haircombs in fashion of the period, square toed shoes and slippers of that day, the "gentlemen's boots" affected by the dandies—there must have been several on the Pewabic—black silk handmade lace, checks from the Pewabic's baggage room, door keys and locks with the steamer's name stamped upon them, steamer silver and other articles were sent up.

Old Daguerreotype Unharmed.

The silver is badly oxidized. Gold articles were scarcely tarnished. A daguerreotype in a gold frame, probably a picture of a passenger named F. W. Ludlow, was as distinct as the day it was made, the picture being unharmed. A gold stamped card case marked with the name F. W. Ludlow was also brought up, and it may be that if victims of the wreck have relatives alive some of them may yet recover relics of those who went down.

"We have been successful. That is all we care to say about the operations now," said Margaret C. Goodman, formerly of Detroit, who organized the company, is a director and was in Detroit in charge of the shipment sent to Toledo on the steamer City of Mackinac.

"While we demonstrated last year that deep sea salvage was possible by descending 300 feet in Traverse bay, we were not prepared to proceed with the Pewabic salvage until this summer. The work is now well under way."

The history of attempts to reach the Pewabic's copper treasures constitutes a story of tragedies. Because of the depth in which the vessel sank the owners at once abandoned her to the insurance company. The company late in 1865 sent Billy Pike, a famous diver of those days, in charge of an expedition to attempt to recover the copper.

Two Divers Die.

Pike went down, and when he failed to signal for a rise after some time had passed he was brought up dead from the terrific pressure. The company made no further effort to reach the copper. In 1880 stories of the Pewabic's wealth caused the organization of several expeditions, and two or three divers lost their lives between 1880 and 1884.

The next effort was made in 1891, and a party from Ashland, Wis., made repeated attempts to reach the wreck with divers. One died. He died.

Next the American Wrecking and Salvage company of Milwaukee tried, but with a specially constructed diving bell, capable of holding several men and permitting a considerable movement.

Five men in the bell were killed, and the company gave up its efforts. Since then the lure of the Pewabic's copper fortune has failed to overcome the fear of the depths until Leavitt's apparatus was demonstrated. Today calm weather appears to be the only requisite condition for the recovery of the copper.

Leavitt's diver reported that the white oak of which the vessel was built was rotted only to a depth of not more than one inch.

Yes, Verily.

"Remember, daughter, that all is not gold that glitters."

"Oh, I know that, all right, mother. The people with plenty of brass attract a lot of attention."—Yonkers

ITALIANS TRY TO DROWN TEUTONS

Open Flood Gates of Rivers Rome Says—Water Forms Barrier.

BERLIN CLAIMS GAINS

Hungarians Advance Near Adriatic and Capture 1,000—Occupation of Cismone and Hill Positions Announced.

Rome, Nov. 17.—The Austro-German forces which are seeking to crush in the Italian line have been repulsed all along the mountain front from Asirago to the Piave river, it is officially announced. All the positions attacked remain in the hands of the Italians.

Flood Gates Opened.

Venice is safe for the present and the right wing of the Italian army has turned the tables on the invading Teuton armies, according to Rome advices. Military engineers have opened the flood gates of the Piave and Sile rivers and the Teutons are now facing an inland sea similar to the Yzer inundation, which not only bars the way to the city of the Doges but threatens numbers of the enemy with drowning.

Hungarian Troops Advance.

On the other hand Berlin announces the advance of the Hungarian troops near the Adriatic sea and the capture of 1,000 Italians.

The capture of Cismone and the taking of several hill positions on the northern Italian front is also claimed by the Berlin and Vienna war offices. Cismone is located at the junction of the Brenta and the Cismone rivers, about seven miles south of Forzano.

Big Triangle Under Water.

The flood was loosed at the point where the enemy succeeded in crossing the Piave river near Grisolia, about four miles from the coast, and the whole region where he gained lodgment is now under water. The inundated territory forms a huge triangle about 2 miles on each side, with the apex at Dona di Piave. The enemy had been driven back, but still held on within this triangle until the dikes from both rivers released the water over the lowlying plain.

The chief menace at that point was that the enemy might be able to approach Venice through the lagoon or bombard the city from his position between the rivers. The inundation interposes a barrier of water 12 miles across and several feet deep.

GERMAN MANPOWER WANING

Newspapers Prepare People For New Retreat in West.

With the British Armies in Flanders, Nov. 17.—German newspapers found on recently captured prisoners show the Kaiser's government is preparing the public for another "strategic retreat" on the West front and show the German staff's realization that its manpower is fast waning.

Captured German officers admit the German high command entertains the fear the retirement of a distance "of several" miles may be made necessary by recent British advances.

Data now in possession of the British staff shows that Crown Prince Rupprecht of Bavaria, in two months, has exhausted 91 German divisions (nearly 1,355,000 men) in defending vainly—the Paschendaele ridge and in fruitless counter-attacks.

WAGE DECISION UP TO WILSON

Trainmen Agree To Accept Any Suggestion By President.

Washington, Nov. 17.—Although railroad officials confessed that the nation is facing a serious transportation crisis, due to the inability of the roads to handle the volume of war traffic, danger of a general strike by the railway brotherhoods appears to be lessening.

It was learned that Chairman Chambers of the board of mediation and arbitration has in his possession an agreement signed by the president of the brotherhoods in which they agree to accept mediation. They reject arbitration, but say that they will accept any suggestions made by President Wilson for a settlement of their dispute with the railroad executives.

No Change in Draft Ages.

Washington, Nov. 17.—Propaganda in favor of changing the army draft age limits has not changed the opinion of the War Department that the ages, 21 to 31 years, should stand for the present, at least.

Premier of China Resigns.

Peking, Nov. 17.—Premier Tuan-Chi-jui has resigned.

60,000 Cattle Without Market.

San Francisco, Nov. 17.—Sixty thousand head of Mexican cattle, 2,000,000 pounds of dressed medium and prime beef, and 10,000 horse and burro hides are without a market, according to D. B. Eastman, representing Mexican cattle interests, who is in San Francisco. And at the same time Americans are observing meatless days' and shoes are selling at record prices. "I am offering 50,000 head of cattle at 6 cents delivered in Los Angeles or San Francisco," Eastman declared, "and the dealers tell me they don't want them."

Suffered Several Years. PERUNA MADE ME WELL

Its My Standby for a Cold.

Mrs. Elizabeth Renner, 1002 11th St., N. W., Washington, D. C., writes: "I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies."

Those who object to liquid medicines can procure Peruna Tablets.

No Electric Fans in Aden.

Electric current for fans is not generally available in Aden, Arabia, and the old fashioned punkah system is the only relief from the almost unbearable heat and closeness of the atmosphere which prevails at certain seasons of the year, according to the Scientific American. A punkah is a large ceiling fan operated by a coolie who pulls a rope attached to it. This rope generally passes over a small pulley through a hole in the wall, so that the coolie may work unseen by those in the room to be ventilated.

Childish Imagination.

The joy that the real fairies and elves and little people give to children, we delight they can find in imagining world where anything is possible, where there are no boundaries of facts, where all is beautiful and always surprising, is hard to gauge because we are so remote from it. But it is very real to them and is a starting point for their more wonderful and more instructive tales, because it is so easy to grasp and it has such an undiluted appeal to the imagination of a very young child.—Exchange.
